

## Updates and Current State of the Art in Esophagogastric Pathology

### PROGRAM

 Grand Hall Clínica Alemana | Av. Manquehue Norte 1410, Vitacura - Santiago

#### MONDAY - OCTOBER 3RD, 2022

- 8:00 - 8:30 Registration
- 8:30 - 8:40 Welcome - Introduction

#### Module 1 | Benign Esophageal Pathology Dr. Luis Manríquez

- 8:40 - 9:00 Endoscopic Resection and Ablation Therapy in Barret's Esophagus  
Dr. Antonio Rollan
- 9:00 - 9:20 Is POEM the Best Alternative in the Management of Esophageal Achalasia?  
POEM v/s Heller  
Dr. Franco Orellana, Dr. Carlos Esperquel
- POEM v/s HELLER  
POEM: Dr. Franco Orellana  
HELLER: Dr. Carlos Esperquel
- 9:20 - 9:40 Mesh or No Mesh in Hiatal Hernia Repair?  
Dr. Maher Musleh
- 9:40 - 10:00 Resection options for the treatment esophagogastric GISTs.  
Dr. Luis Manríquez
- 10:00 - 10:20 Questions and Discussion
- 10:20 - 10:50 Coffee break

#### Module 2 | EGJ Cancer Dr. Carlos Benavides

- 10:50 - 11:10 Endoscopic resections for GEJ cancers: Is it feasible?  
Dr. Andrés Donoso
- 11:10 - 11:30 Siewert 2 GEJ Cancer: Gastrectomy or Esophagectomy?  
Dr. Manuel Figueroa
- 11:30 - 11:50 Neoadjuvant Chemotherapy v/s Chemo-Radiotherapy in GEJ Cancer  
Dra. Mary Ann Stevens
- 11:50 - 12:10 Intratoracic Anastomotic Alternatives in Esophagectomy  
Dr. Juan Carlos Molina
- 12:10 - 12:30 Questions and Open Discussion
- 12:30 - 13:30 Lunch break

## Updates and Current State of the Art in Esophagogastric Pathology

### PROGRAM

 Grand Hall Clínica Alemana | Av. Manquehue Norte 1410, Vitacura - Santiago

MONDAY - OCTOBER 3RD, 2022

#### Module 3 | Esophageal Cancer

**Dra. Mary Ann Stevens**

- 13:30 - 13:50 Staging and Re-Staging after Neoadjuvant Therapy  
**Dra. Daniela Barahona**
- 13:50 - 14:10 Is there a place for "Watchful Waiting" after complete response in Esophageal Cancer  
**Dra. Karen Gosset**
- 14:10 - 14:30 Rescue Surgery after Definitive Oncological Therapy  
**Dr. Carlos García**
- 14:30 - 14:50 ERAS for Esophageal Cancer  
**Dr. Michael Schiller**
- 14:50 - 15:10 Questions and Discussion
- 15:10 - 15:40 Coffee break

#### Module 4 | Minimally Invasive and Robotic Esophageal Surgery

**Dr. Michael Schiller**

- 15:40 - 16:00 Minimally Invasive Esophagectomy  
**Dr. Jelle Ruurda**
- 16:00 - 16:20 Management of Esophagectomy Complications: Current Evidence  
**Dr. Enrique Norero**
- 16:20 - 16:40 Lymphadenectomy extension and radicality in Esophagic Cancer  
**Dr. Jelle Ruurda**
- 16:40 - 17:00 Robotic Surgery for Esophageal Cancer: Future Standard of Care?  
**Dr. Jelle Ruurda**
- 17:00 - 17:20 Questions and Discussion
- 17:20 - 17:40 Closure and Acknowledgements

\*EL PROGRAMA PUEDE ESTAR SUJETO A MODIFICACIÓN

October  
3rd & 4rd, 2022

**Face to face activity**  
Main Hall Clínica Alemana  
Av. Manquehue Norte 1410

El valor de la formación sin límites

## Updates and Current State of the Art in Esophagogastric Pathology

### PROGRAM

Grand Hall Clínica Alemana | Av. Manquehue Norte 1410, Vitacura - Santiago

**TUESDAY - OCTOBER 4TH, 2022**

8:30 - 8:40 Welcome

#### **Module 5 | Minimally Invasive Surgery in Gastric Cancer: Current and Future** Dr. Andrés Navarrete

8:40 - 9:00 Is Laparoscopic Gastrectomy for Advanced Gastric Cancer the New Standard of Care?  
Dr. Andrés Navarrete

9:00 - 9:20 Use of Indocyanine Green (ICG) for Lymphadenectomy: A Future Standard?  
Dr. Woo Jin Hyung

9:20 - 9:40 Robotic Surgery in Gastric Cancer: Are there benefits in comparison with Laparoscopic surgery  
Dr. Woo Jin Hyung

9:40 - 10:00 Non-cohesive Adenocarcinoma: Should we changed the Management?  
Dr. Francisco Venturelli

10:00 - 10:20 Questions and Discussion

10:20 - 10:50 Coffee break

#### **Module 6 | Advanced Gastric Cancer** Dr. Cristobal Sanhueza

10:50 - 11:10 National experience with neoadjuvant therapy in gastric cancer  
Dra. Bettina Muller

11:10 - 11:30 Is there a Role for HIPEC in Gastric Cancer? Current Situation  
Dr. Cristián Cavalla

11:30 - 11:50 Management of Positive Peritoneal Cytology without Macroscopic Peritoneal Disease in Advanced Gastric Cancer  
Dr. Marco Ceroni

11:50 - 12:10 Updates in Immunological and Biologic Therapies for Advanced Gastric Cancer  
Dr. Cristóbal Sanhueza

12:10 - 12:30 Questions and Discussion

12:30 - 12:40 Closure and Acknowledgements
